Subject: A simple form submission

**Ask any simple question here for a one line answer.**

Name perhaps?

**You might want your customer to rate your service**

Excellent

**Checkboxes - your customer can check as many as he or she wants**

Name the check box anything you want, Are you happy?

**Dropdown options if you wish**

Another option

**You might give your customer the option to add further comments ...**

Type as much as you want here - you are not limited to the apparent size of the box.  
Another line.  
Another line.  
Yet another line.  
I could carry on typing, but I've had enough!
